PARTNER LINE CARD

PEAK-G LLC is your trusted distributor for high-performance test and measurement systems. We partner with globally respected manufacturers to support applications across vibration, durability, environmental, and structural testing.

ROTEC
TORSIONAL VIBRATION PROFESSIONALS

- Torsional Vibration
- Measurement & analysis
- Valve dynamics
- Transmission error (TE)
- Continuous monitoring

CME
RELIABILITY TESTING SOLUTIONS

- Drop tester
- Shock tester
- Servohydraulic shaker
- Bounce shaker
- Incline impact
- Other product & package testers

DynaLabs

- Permanent Mag shakers
- Modal shakers
- Inertial shakers
- 10 to 440N
- MEMS accelerometers/IMU's
- Gyroscopes

DJB
A CMTG COMPANY

- Accelerometers
- Charge type
- IEPE type
- High Temp 900°C
- Impact hammer
- Cables/accessories

RULA

- Vibration controllers
- All test modes
- Shock & vibration logger
- Digital power amplifier
- Vibration field analyzer

eMpulse
test systems

- Servoelectric actuators
- Road simulators
- Multi Axis
- Dual Axis ED shakers

PROSIG
A CMTG COMPANY

- Noise & vibration
- DAQ/Analyzers
- NVH
- Modal analysis
- Acoustic
- Rotating machinery

MMATIDIA
A NEW LOOK AT LIDAR

- High precision vibrometry
- 3D laser radar
- Structural health monitoring
- LiDAR sensors for autonomous mobility

AXS

- Custom fixtures
- Cube fixtures
- Head expanders
- Slip tables

CVMS CLIMATIC

- Temp/Humidity chambers
- Thermal shock
- Altitude chamber
- Corrosion
- Battery test equipment

VBT
VB TECH

- Electro-dynamic shakers
- 500N to 200kN
- Head expanders
- Slip tables
